

UEFA EURO 2016 : Thematic “press tours” to discover Paris

During UEFA EURO 2016, the City of Paris will organise a “press tour” that will enable you to discover every day one of the city’s aspects on topics like sports, culture, environment or innovation.

Hosting UEFA EURO 2016 will be a great opportunity for Paris to assert its identity as an open, intelligent, innovative, sustainable and creative city in the eyes of the world.

From June 13th to July 9th, Paris will propose “press tours” to discover the different facets of the city regarding sports, culture, environment or innovation.

Through the “press tours”, you will discover Paris’ famous monuments or secret places that are an integral part of the capital’s identity and contribute to its international outreach.

The “press tours” departures will take place every morning at 9:30 a.m. outside the media centre of the Eiffel Tower Fan Zone. A minibus will ensure your transportation and bring you back at 1:00 p.m.

Every Monday starting from June 6th, the City of Paris will send you the programme of the following weeks’ “press tours” by email. You must get your accreditation beforehand as the number of seats is limited. The list of all the “press tours” will be progressively available on presse.paris.fr.
